

Cast Iron Non-Stick Wok with Dual Handles

This wok is constructed from heavy-duty cast iron and features a durable non-stick interior. Designed with two sturdy handles, it is suitable for use on gas, electric, and induction stovetops.

Product Overview

Professional Grade Cast Iron Wok

This heavy-duty cast iron wok is engineered for superior heat retention and even cooking performance. Featuring a durable, non-stick interior surface, it allows for healthier cooking with minimal oil. Designed with dual sturdy handles, this cookware provides excellent maneuverability and balance during high-heat stir-frying tasks.
