

Cast Iron Sewing Machine Stand with Treadle

This antique-style stand is made of cast iron. It features a foot pedal mechanism for operating a sewing machine and a platform for supporting the sewing surface.

Product Overview

Traditional Craftsmanship

This antique-style sewing machine stand is expertly crafted from heavy-duty cast iron, ensuring exceptional stability and long-lasting durability for your sewing setup. Designed to support both the table and machine head, it features an authentic treadle mechanism that allows for manual operation via a belt drive. Its ornate detailing adds a touch of classic elegance, making it an ideal choice for both functional use and aesthetic display.
