

Cast Iron Swing Check Valve

This cast iron swing check valve prevents backflow in pipelines. It features flanged connections for secure installation and is suitable for use in various fluid applications.

Product Overview

Cast Iron Swing Check Valve

This swing check valve is engineered to provide reliable backflow prevention in industrial pipeline systems. Featuring a robust cast iron or ductile iron body, it ensures durability and performance in demanding environments. The valve automatically closes upon flow reversal, making it an essential component for water, oil, and gas applications.

Technical Specifications

Standards

DIN3202 F1 • ANSI

Available Sizes

DN40 - DN400

Pressure Ratings

PN10, PN16, 125LB, 150LB

Materials

Material Composition

Component	Material
Body	Cast Iron / Ductile Iron
Cover	Cast Iron / Ductile Iron
Hinge Pin	Stainless Steel
