

Cat7 Ethernet Cable

This Cat7 Ethernet cable is designed for demanding network environments. It supports data transfer rates up to 10 Gbps and bandwidths of 600 MHz.

Overview

High-Performance Networking Solution

This high-performance Ethernet cable is engineered for demanding network environments, providing reliable and fast connectivity. It supports data transfer rates up to 10 Gbps and bandwidths up to 600 MHz, making it ideal for gaming, streaming, and data-intensive professional applications. Built with shielded twisted pair (STP) construction, it minimizes interference to ensure stable, high-speed performance across your entire network infrastructure.

Technical Specifications

Cable Type	CAT7 Shielded Twisted Pair (STP)
Connector Type	RJ45
Maximum Bandwidth	600 MHz
Max Data Transfer Rate	10 Gbps

Compliance & Standards

Certifications	RoHS Compliant, TIA/EIA 568-C.2
----------------	---------------------------------
