

Category 5 UTP Communication Cable

Category 5 unshielded twisted pair (UTP) cable is designed for data transmission. It features 4 pairs of twisted wires and flame-retardant properties.

Product Overview

Category 5 UTP Communication Cable

This Category 5 unshielded twisted pair (UTP) cable is engineered for reliable data transmission in networking environments. It features a standard 4-pair twisted wire configuration and is constructed with flame-retardant materials to ensure safety and compliance. Supplied in a convenient 305-meter box, it is an ideal solution for professional cabling installations.

Technical Specifications

Cable Type	Category 5 UTP (Unshielded Twisted Pair)
Pair Count	4
Flame Retardant	Yes

Logistics

Packaging Length

305 meters
