

Category 5 Waterproof UTP Cable

This is a Category 5 unshielded twisted pair cable with 4 pairs. The waterproof design ensures reliable data transmission in damp environments.

Product Overview

High-Performance Category 5 Networking

This Category 5 Unshielded Twisted Pair (UTP) cable is engineered for reliable data transmission in demanding environments. Featuring a robust 4-pair configuration, it delivers consistent Category 5 performance suitable for a wide range of networking and telecommunications infrastructure. Its specialized waterproof design ensures operational integrity even in settings exposed to moisture.

Technical Specifications

Category

Cat 5

Recommended Applications

- Data transmission
- Networking installations
- Telecommunications

Cable Type

Unshielded Twisted Pair (UTP)

Conductor Pairs

4

Environmental Protection

Waterproof, Moisture Resistant
