Overview

European Standard Power Connectivity

This CEE 7/16 European two-prong power cord is engineered for reliable performance in 250V applications, supporting a current rating of up to 2.5A. It features a standard CEE 7/16 Euro plug paired with an IEC 60320 C7 connector, making it an ideal solution for lighting appliances and low-power electronic devices. Designed for safety and compliance, the cord adheres to rigorous European standards and is fully ROHS/REACH compliant.
