

CEE7/7 Schuko to IEC C15 Power Cord

This European power cord features a CEE7/7 Schuko plug on one end and an IEC 60320 C15 connector on the other. The cable is suitable for powering computers, monitors, and other electronic equipment requiring a high-temperature C15 inlet.

Product Overview

High-Performance European Power Connectivity

This European power cord features a standard CEE7/7 Schuko plug on one end and an IEC 60320 C15 connector on the other, designed for high-temperature applications. It provides a reliable connection for electronic devices requiring a C15 inlet, such as high-performance computers and networking equipment. Built to meet rigorous European safety standards, this cable ensures stable power transmission and compliance with international regulations.

Technical Specifications

Compatible Cable Standards

- H03VV-F 3G0.5-0.75
- H05VV-F 3G0.75-2.5
- H03RT-F 3G0.75-1.0
- H05RR-F 3G0.75-1.5
- H05RN-F 3G0.75-1.0

Max Voltage

250 V

Connectors

CEE7/7 Schuko, IEC 60320 C15
