

Ceiling Fan with Light

This ceiling fan is suitable for residential or commercial use. It features a central motor housing with a downward-facing light fixture for efficient air circulation and ventilation.

Product Overview

Efficient Air Circulation and Illumination

This ceiling fan combines effective air circulation with integrated lighting, making it a versatile solution for both residential and commercial environments. Designed with a sleek, white finish and a three-blade configuration, it offers a clean aesthetic that complements various interior styles. The unit features a central motor housing with a downward-facing light fixture, ensuring both comfort and visibility in any room.
