

Ceiling Fan with Light Fixture

This ceiling fan provides air circulation and lighting. It features a traditional design with a rounded motor housing, four blades, and a frosted glass globe light fixture.

Product Overview

Classic Ceiling Fan with Integrated Lighting

This traditional ceiling fan combines effective air circulation with integrated lighting, making it a versatile addition to any residential or commercial space. Featuring a durable four-blade design and a classic motor housing, it provides reliable performance for comfort control. The central frosted glass globe ensures soft, diffused illumination, while the simple pull-chain operation offers intuitive and easy control for all users.
