

Ceiling Mount Mini Array Active Speaker with Class-D Amplifier and Bluetooth

This ceiling-mountable mini line array active speaker is designed for high-quality audio reproduction in a compact form. It is equipped with a Class-D amplifier, delivering efficient power and clear sound, while integrated Bluetooth connectivity enables wireless audio streaming.

Overview

Professional Ceiling Array Speaker

This ceiling-mounted mini array active speaker is engineered for high-performance audio in professional environments. Featuring an integrated Class-D amplifier and Bluetooth connectivity, it combines efficient power delivery with convenient wireless streaming capabilities. Its compact design and robust driver configuration make it an ideal choice for installations requiring high-quality, discreet sound reinforcement.

Audio Performance

Key Performance Metrics

240 W

Max Power

119 dB

Max SPL (Peak)

96 dB

Sensitivity

Frequency Range: 80Hz - 20KHz

Rated Power: 120 W

Technical Specifications

Driver Configuration

Component	Quantity	Voice Coil
HF Driver	8 x 1"	0.8"
LF Driver	4 x 4"	1"

Connectivity: Bluetooth, RCA Input, Euroblock Input, RCA Output, Passive Link Output

Amplifier Type: Class-D

Physical Properties

Dimensions (WxDxH): 210 x 170 x 553 mm

Net Weight: 6.5 kg
