

Ceiling Mounted Clothes Drying Rack

This ceiling-mounted clothes drying rack features dual parallel bars for hanging clothes. It utilizes a pulley system for raising and lowering the bars, making it ideal for indoor use in homes or apartments.

Product Overview

Efficient Laundry Drying Solution

This ceiling-mounted clothes drying rack is designed to maximize space in homes and apartments by utilizing overhead areas for laundry. It features a convenient pulley system that allows users to easily raise and lower the dual parallel bars for effortless loading and unloading. Constructed from high-quality aluminum alloy and durable components, this rack provides a reliable and long-lasting solution for indoor laundry drying.
