

Ceiling Mounted Exhaust Fan

This ceiling-mounted exhaust fan is designed for ventilation purposes. It is typically used in bathrooms or kitchens to remove moisture and odors.

Product Overview

Efficient Ventilation Solution

This ceiling-mounted exhaust fan is designed for effective air circulation in residential or commercial spaces such as bathrooms and kitchens. Featuring a durable white plastic construction, the unit effectively removes moisture and unwanted odors to maintain a fresh environment. The design includes a standard cylindrical duct connector for seamless installation and venting.
