

Ceiling Mounted Exhaust Fan

This ceiling-mounted exhaust fan provides ventilation for bathrooms and other areas. Its flush mount design features a white finish and a rectangular grille with horizontal slats.

Product Overview

Modern Ventilation Solution

The PG305FS-T1 is a ceiling-mounted exhaust fan designed for seamless integration into modern interiors. Featuring a clean white finish and a sleek, unobtrusive rectangular grille, it is ideal for bathrooms and other spaces requiring consistent airflow. Its design prioritizes both efficient performance and quiet operation, while the slatted grille ensures optimal air intake and protection against foreign objects.

Technical Specifications

Model Number	pg305fs-t1
