

# Ceiling Ventilation Fan

This ceiling ventilation fan provides efficient ventilation with low noise and a long operational life. Its design ensures effective air circulation and moisture removal in enclosed spaces.

## ADDITIONAL IMAGES

## Overview

### High-Efficiency Ceiling Ventilation

This ceiling-mounted ventilation fan is designed for quiet, long-life operation in residential and commercial spaces. Featuring a durable plastic cover and a high-efficiency motor, it provides stable air circulation while maintaining a sleek, modern appearance. It is ideal for moisture removal and air freshening in bathrooms, kitchens, and other enclosed areas.

### Key Features

Low Noise, Long Life, High Efficiency Motor, Stable Operation, Light Weight, Elegant Appearance

## Technical Specifications

Detailed performance charts and dimensional specifications for the BPT series ventilation fans.

### Performance Range

**14 W**

Min Power

**450 m<sup>3</sup>/h**

Max Air Volume

**150 Pa**

Max Static Pressure

### Model Comparison Table

Model	Power (W)	Air Volume (m <sup>3</sup> /h)	Noise (dB)	Speed (rpm)
BPT10-11-S	14	150	33	660
BPT10-23-S	15	200	35	747
BPT10-33-S	20	250	39	860
BPT15-33-S	38	300	33	550
BPT15-43-S	40	380	37	680
BPT15-44-S	41	450	42	770

### Housing Material

Metal housing with plastic cover

## Installation & Dimensions

### Installation Details

Model	Cover Size (mm)	Duct Dia (mm)	Usable Area (')
BPT10-11-S	274x274	100	6-12
BPT10-23-S	298x298	100	8-16
BPT15-44-S	379x379	150	18-44

## Electrical Requirements

### Available Voltage/Frequency

- 220-240V / 50Hz
- 110V / 60Hz
- 110V / 50Hz
- 220V / 60Hz

## Compliance

### Certifications

CE • CB
