

# Centrifugal Fan YWFB310

This centrifugal fan is designed for ventilation and air purification applications. Its robust construction ensures durability and efficient airflow.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Centrifugal Ventilation

The YWFB310 series offers a compact and professional solution for demanding ventilation and air purification needs. Engineered with an aerodynamically optimized impeller, these fans deliver high static pressure and efficient airflow while maintaining low noise levels. Their robust metallic construction ensures a long service life and reliable performance across diverse industrial and commercial HVAC applications.

### Key Features

- Compact structure for space-saving installation
- Professional aerodynamic design
- Fine process control for enhanced durability
- Easy installation and maintenance
- High efficiency with low operational noise
- Long service life under demanding conditions

## Technical Specifications

### Performance Highlights

**1715 m<sup>3</sup>/h**

Max Air Flow (50Hz)

**1360 RPM**

Rated Speed

**63 dB(A)**

Noise Level

### Model Configuration Reference

Model	Voltage (V)	Freq (Hz)	Input Power (W)	Max Air Flow (m <sup>3</sup> /h)
YWFB4E310	230	50	103	1715
YWFB4E310L	115	60	172	2090
YWFB4E310H	230	50	99	1465
YWFB4D310	400 Y	50	100	1740

## Applications

### Application Areas

HVAC Systems, Air Purification, Refrigeration, Industrial Ventilation, Commercial Kitchens, New Energy Equipment, Medical Centrifuges

## Compliance & Quality

### Certifications

VDE • UL • CE • RoHS • CCC • ISO 9001 • ISO 14001

## Purchase Information

### CAREFUL DETAILS 用心细节

宁家牌球球通风 用心铸造细节!

### PURCHASE PROCESS 购买流程

### Standard Purchase Process

- Style selection and communication
- Design draft submission and detail confirmation
- Quotation and form validation
- Payment and receivables processing
- Proofing and bulk production
- Quality inspection, packaging, and shipment

### Inspection & Returns

7-day inspection period for quantity and appearance upon receipt; professional processing items do not support 7-day no-reason returns.
