

Centrifugal Water Pump for Irrigation

This centrifugal water pump is designed for drainage and irrigation. Its self-priming capability makes it suitable for agricultural and industrial applications.

Overview

Professional Irrigation Solution

This self-priming centrifugal water pump is engineered for demanding agricultural and industrial environments. Featuring a robust motor housing and heavy-duty pump construction, it provides reliable performance for efficient drainage and irrigation tasks. Its versatile design ensures it meets the needs of professional operators requiring consistent water management.

Technical Specifications

Priming Type

Self-priming

Pump Type

Centrifugal

Suitable Applications

Agricultural, Industrial, Drainage, Irrigation

Design

Housing Colors

- Green motor housing
- Black pump head
