

Ceramic Hair Straightener with Adjustable Heat

This hair straightener features ceramic-coated plates for even heat distribution and smooth styling. It has adjustable temperature settings and a swivel cord for ease of use.

Product Overview

Professional Styling Performance

This ceramic hair straightener is engineered for professional-grade styling, featuring advanced PTC heating technology for rapid and consistent results. The inner aluminum and ceramic-coated plates ensure even heat distribution, helping to protect hair while achieving smooth, salon-quality finishes. Designed with user convenience in mind, it includes a 360-degree swivel cord to prevent tangling during operation.
