

Children's Bicycle with Training Wheels

This bicycle is designed for children learning to ride. It features training wheels, a front basket, and a rear rack.

Product Overview

Designed for Young Riders

This children's bicycle is specifically engineered for young riders who are in the process of learning to balance and pedal. Featuring a sturdy frame and stable training wheels, it provides a safe and confidence-building cycling experience. The design includes practical additions like a front basket and rear rack, making it a versatile choice for neighborhood play.
