

Children's Bicycle with Training Wheels

This children's bicycle is equipped with training wheels to provide stability for young riders. The bike features a durable frame, padded seat, and front and rear brakes.

Product Overview

Designed for Young Riders

This children's bicycle is engineered to provide a safe and stable learning experience for young riders. Featuring a durable frame construction, it ensures longevity and reliability during the crucial stages of learning to balance. With the inclusion of training wheels, padded seating, and responsive front and rear brakes, it offers both comfort and essential safety features for beginners.
