

Children's Bicycle with Training Wheels

This children's bicycle features a blue and silver frame with yellow accents. It includes training wheels for stability and a chain guard for safety.

Product Overview

Designed for Young Riders

This children's bicycle is engineered to provide a stable and enjoyable learning experience for young cyclists. Featuring a robust blue and silver frame, it is equipped with training wheels to ensure safety and balance during the initial learning stages. The design incorporates practical safety features like a chain guard, making it an ideal choice for beginners.
