

# Children's Bicycle with Training Wheels

This bicycle is designed for children and includes training wheels for stability. It also features a front basket and rear rack for carrying items.

## Product Overview

### Designed for Young Riders

This children's bicycle is engineered for safety, comfort, and fun, featuring a durable step-through frame design that allows for easy mounting and dismounting. Equipped with stable training wheels, it provides the necessary support for beginners as they build confidence and balance. The bike includes practical additions like a front basket, rear rack, and water bottle holder, making it perfect for neighborhood adventures.
