

# Children's Bicycle

This is a children's bicycle. It is designed for young riders.

## Product Overview

### Sturdy and Versatile Adult Tricycle

This red tricycle is designed with a sturdy frame and a three-wheel configuration to provide maximum stability and ease of use for the rider. Featuring high-rise handlebars and a comfortable saddle, it ensures an ergonomic riding position suitable for recreational use. The integrated rear cargo basket makes it an ideal choice for light transportation and carrying personal items or groceries.
