

Children's Single-Speed Bicycle with Training Wheels

This children's bicycle is equipped with training wheels to help young riders learn to balance. It features front and rear fenders, a rear rack, and reflectors.

Product Overview

Designed for Young Riders

This single-speed children's bicycle is engineered for safety and ease of use, making it an ideal choice for young riders learning to balance and pedal. The sturdy frame construction ensures durability, while the inclusion of training wheels provides essential stability during the learning phase. Equipped with practical features like fenders, a rear rack, and reflectors, this bike combines functionality with a focus on rider safety.
