

Children's Single-Speed Bicycle with Training Wheels

This single-seat bicycle is designed for children learning to ride. It includes training wheels for stability and a step-through frame for easy access.

Product Overview

Designed for Young Riders

This single-speed bicycle is specifically engineered for children who are beginning their cycling journey. Featuring a sturdy, user-friendly step-through frame, it provides easy accessibility for mounting and dismounting. Equipped with stable training wheels, this bike helps young riders develop balance and confidence while learning essential cycling skills.
