

Children's Tricycle with Canopy and Storage Basket

This children's tricycle features a sturdy metal frame and durable plastic components. It is equipped with a sun canopy for shade, a rear storage basket, and a parent handle for assisted steering.

Product Overview

Designed for Growing Children

This children's tricycle combines safety, comfort, and convenience for both the child and the parent. Featuring a sturdy metal frame and adjustable seating, it is designed to grow with children aged 2-5 years. With added benefits like a protective sun canopy, rear storage basket, and parent handle for steering assistance, it provides a secure and enjoyable riding experience.
