

Child's Tricycle with Parent Handle and Canopy

This children's tricycle features a sturdy frame, a comfortable seat with a safety harness, and durable wheels for smooth riding. It includes an adjustable parent handle for steering assistance, a sun canopy for UV protection, and a rear storage basket.

Product Overview

Designed for Comfort and Safety

This versatile children's tricycle is engineered to provide a secure and comfortable riding experience for toddlers aged 18 months and older. It features an adjustable parent handle for convenient steering assistance and a built-in sun canopy for protection against UV rays. The robust frame design, combined with durable wheels and a rear storage basket, ensures practicality for both parents and children during outdoor excursions.
