

Child's Tricycle with Wagon

This tricycle is designed for children's recreational activities and play. It includes a wagon attachment with four wheels and a beige basket.

Product Overview

Versatile Recreational Tricycle

This durable child's tricycle is designed for active play and recreational use. Featuring a classic tricycle frame with a front fender and comfortable seating, it provides a stable and enjoyable riding experience. The attached rear wagon adds significant utility, allowing children to transport toys or other items during their outdoor adventures.
