

Chocolate Display Cabinet

This commercial chocolate display freezer is designed to showcase and preserve chocolates at optimal temperatures. It features a glass top for clear visibility, multiple tiered shelves for organized display, and a temperature control system to maintain consistent cooling.

Overview

Professional Chocolate Display Solution

The SC-42 is a specialized display cabinet designed to showcase and preserve confectionery at optimal temperatures. Featuring a high-visibility glass top and tiered internal shelving, it provides an attractive presentation for retail environments like cafes and specialty shops. The unit utilizes a reliable compressor cooling system with manual temperature adjustment to ensure consistent product quality.
