

Chocolate Display Freezer with Inclined Glass Lid

This display freezer is designed for showcasing and preserving chocolates and other confectionery items. It features a transparent, inclined lid for optimal product visibility and internal wire baskets for organized storage.

Product Overview

Professional Chocolate Display Solution

The JGA SC-42 is a specialized display freezer designed for the optimal preservation and presentation of chocolates and confectionery. Featuring a unique inclined glass lid, it ensures maximum product visibility for retail environments while maintaining precise temperature control between 0-10 . Its compact footprint and efficient compressor cooling make it an ideal choice for cafes, specialty shops, and convenience stores looking to showcase temperature-sensitive treats.
