

Chrome Brass Angle Valve with Quarter-Turn Handle

This angle valve is constructed from brass with a chrome finish. It features a quarter-turn handle for convenient on/off control of water flow.

Product Overview

Professional Chrome Brass Angle Valve

This high-quality angle valve is engineered for reliable water flow control in residential and commercial plumbing systems. Featuring a durable brass body with a polished chrome finish, it offers both aesthetic appeal and resistance to corrosion. The quarter-turn handle design ensures quick and effortless operation for sinks, toilets, and various appliance connections.
