

Chrome Plated Brass Angle Valve

This angle valve is designed to control water flow in plumbing systems. It features a quarter-turn handle for easy on/off operation and is constructed from durable brass with a polished chrome finish.

Product Overview

Reliable Flow Control

This chrome-plated angle valve is engineered for precise water flow control in residential and commercial plumbing systems. Constructed from high-quality, durable brass with a polished chrome finish, it offers excellent corrosion resistance and long-term reliability. Its quarter-turn handle design ensures smooth, easy operation for quick shut-offs during maintenance or repairs.

Technical Specifications

Material	Brass with chrome plating
Operation	Quarter-turn handle
Key Features	Corrosion Resistant, Easy Operation, Reliable Shut-off
Application	Standard plumbing fixtures
