

Chrome-Plated Wheel Hoods with Circular Cutouts

These chrome-plated wheel hoods feature a circular design with multiple circular cutouts. They are available in front ($\varnothing 310 \times 35$) and rear ($\varnothing 314 \times 39$) sizes to provide protection and aesthetic enhancement.

Product Overview

Premium Chrome-Plated Wheel Hoods

These chrome-plated wheel hoods offer a sophisticated aesthetic enhancement for commercial vehicles while providing essential protective coverage. Featuring a durable finish and a unique circular cutout design, they are engineered to maintain high visual standards. Designed for precise fitment, they are available in two distinct configurations for front and rear wheel applications.
