

Chrome Side Step Bar for Trucks and SUVs

This chrome side step bar assists in entering and exiting trucks and SUVs. It is made from stainless steel, has non-slip step pads, and protects rocker panels.

Product Overview

Premium Chrome Side Step Bars

These chrome side step bars are engineered to offer both utility and style for trucks and SUVs. Crafted from high-quality stainless steel with a polished finish, they provide a secure and durable assist for vehicle entry and exit. The inclusion of non-slip pads ensures safety, while the robust design serves as a protective barrier against road debris and potential rocker panel damage.
