

Chrome Stand Fan with Adjustable Height

This stand fan features a chrome finish and a circular, caged fan head. Its height is adjustable and it is designed to provide cooling and air circulation in indoor environments.

Product Overview

Industrial-Grade Cooling Performance

This premium chrome-finished stand fan offers an ideal balance of aesthetic appeal and functional performance for indoor environments. Featuring a robust, height-adjustable pole, it provides customizable air circulation suitable for offices, showrooms, or commercial spaces. The design incorporates a high-efficiency three-blade system housed within a protective circular cage for safety and durability.
