

Cigar Storage Cabinet with Humidity Control

This cigar cabinet provides specialized refrigeration for optimal cigar storage. It maintains consistent temperature and humidity, preserving the quality and flavor of cigars.

Product Overview

Professional Cigar Preservation

This specialized 150-liter storage cabinet is engineered to provide an optimal environment for cigar preservation. Utilizing a high-performance compressor cooling system, it maintains precise temperature ranges and stable humidity levels above 65% RH. The unit features a sleek black design with a stainless steel door frame, making it a sophisticated addition to any professional or commercial setting.
