

Circular LED Downlight for General Illumination

This LED downlight features a modern design suitable for various lighting applications. Its energy-efficient LED technology ensures long-lasting performance and reduced energy consumption.

Product Overview

Versatile Circular LED Downlight

This circular LED downlight is designed for high-quality general illumination in both indoor and outdoor settings. Featuring a sleek, modern aesthetic with a diffused light output, it combines energy efficiency with a long-lasting performance profile. It is an ideal solution for a wide range of residential and commercial lighting applications requiring reliable, modern lighting.

Manufacturing & Services

Manufacturing Support

- CKD (Completely Knocked Down) services available
- SKD (Semi Knocked Down) services available
- On-site engineering and management support for setup
- Turnkey manufacturing establishment support

Features

Design Highlights

Modern Design • Energy Efficient • Diffused Illumination

Applications

Indoor Lighting, Outdoor Lighting, Residential, Commercial
