

Circular Saw - 185mm Blade Diameter

This circular saw is designed for precision cutting across various materials. It features a high-performance motor for efficient operation and durable construction.

Product Overview

Professional Circular Saw

This robust 185mm circular saw is engineered for precision cutting across a variety of materials. Featuring a high-performance 1300W motor, it ensures efficient operation and consistent power for demanding tasks. The tool is built with durable construction for extended longevity, while the ergonomic handle design provides superior comfort and control during operation.

Performance Metrics

Input Power

1300 W

Input Power

No Load Speed

5200 rpm

Cutting Capacity

Blade Diameter

185 mm

Max Cut at 90°

63 mm

Electrical Specifications

Rated Voltage

230-240V

Frequency

50 Hz
