

Clear Lens Safety Glasses

These safety glasses feature clear lenses for eye protection in different work environments. The glasses have a lightweight frame, impact-resistant lenses, and side shields.

Product Overview

Clear Lens Safety Glasses

These safety glasses are designed for high-performance eye protection across construction, manufacturing, and general-purpose work environments. Featuring impact-resistant polycarbonate construction, they provide a reliable barrier against particles and debris while maintaining optical clarity. The lightweight design ensures comfort during extended wear, making them an ideal choice for professional safety requirements.
