

Clear Plastic CD/DVD Storage Case

Durable and transparent plastic cases designed for storing and protecting CDs and DVDs. These cases feature a cylindrical shape with a fitted lid, ensuring secure closure and dust protection.

Product Overview

Clear Plastic CD/DVD Storage Case

These durable and transparent plastic cases are specifically designed for the secure storage and protection of CDs and DVDs. Constructed from high-quality polypropylene, the cases offer excellent resistance to impacts and scratches, ensuring your digital media remains safe. The cylindrical shape with a fitted lid provides a secure closure that effectively protects against dust and debris, making them an ideal solution for organizing and archiving your collection.
