

Clear Plastic Face Shield with Adjustable Headband

This clear plastic face shield is designed to protect the face from splashes, sprays, and airborne particles. It features an adjustable headband to ensure a secure and comfortable fit.

Product Overview

Clear Plastic Face Shield

This clear plastic face shield is designed to provide a reliable barrier against splashes, sprays, and airborne particles. Constructed from durable PET material, it ensures high transparency for optimal visibility during use. The inclusion of an adjustable headband makes it suitable for various head sizes, offering comfort and security in medical, industrial, and general protective environments.
