

Clear Plastic Retail Packaging Box

This clear plastic box is designed for retail packaging and display. It features a hanging tab for easy merchandising and provides a clear view of the enclosed product.

Product Overview

Clear Plastic Retail Packaging Solution

This clear plastic retail packaging box, identified as the LA440/520 model, is designed to provide high visibility for small electronic devices. Featuring a durable construction and a built-in hanging tab, it is optimized for efficient retail display and shelf organization. Its transparent design ensures the product remains the focal point while providing essential protection during transit and display.
