

Clutch Assembly for Geely EC7 Vision SMA Lifan SUV

This clutch assembly is compatible with Geely EC7, Vision, SMA, and Lifan SUV models. It measures 211x138.

Product Overview

High-Performance Clutch Assembly

This clutch assembly is engineered to provide reliable power transmission for compatible vehicles. Designed for durability and consistent engagement, it includes a precision-manufactured pressure plate and friction disc. This component is essential for maintaining smooth gear shifts and optimal drivetrain performance in demanding driving conditions.

Technical Specifications

Component Type

Clutch Assembly • Drivetrain Component

Part Number	4G18
Clutch Size	211x138

Compatibility

Compatible Vehicles

- Geely EC7
- Vision
- SMA
- Lifan SUV
