Product Overview

High-Performance Clutch Plate

This clutch plate is a premium replacement component engineered specifically for tractor transmission systems. Designed for reliable power transfer and smooth engagement, it ensures consistent performance even under the rigorous demands of agricultural field operations. Built with durable, heat-resistant materials, this part meets or exceeds original equipment specifications for longevity and structural integrity.

Technical Specifications

Precision-engineered clutch plate designed for optimal transmission performance and durability.

Part Number	32240-14302
Compatible Model	L2201
Category	Tractor Spare Parts

Compatibility

Supported Series	L1500, L2201, L2202, L2402, L3408, L3608, L4508, L4708, L5018
M-Series Compatibility	M6040, M5000, M7040, M8540, M9540, M9000, M105, M1304
