

CNG Dispenser for Fueling Stations

This dispenser provides compressed natural gas. It features a user-friendly interface and advanced metering technology.

Product Overview

Reliable CNG Fueling Solution

This CNG dispenser offers a reliable and accurate solution for dispensing compressed natural gas at professional fueling stations. It features a user-friendly interface with a clear display for monitoring price and volume in real-time. Designed with a focus on safety and efficiency, the unit incorporates robust construction and advanced metering technology to ensure long-term performance.

Key Features

Core Benefits

- High-accuracy metering technology
- User-friendly interface with clear digital display
- Robust construction for industrial environments
- Optimized for safety and operational efficiency

Technical Specifications

Gas Type

CNG

Primary Application

Fueling Stations
