

# Cold Water High-Pressure Washer

This cold water high-pressure washer is suitable for a range of cleaning applications. It is designed for robust performance and durability, making it ideal for demanding environments.

## ADDITIONAL IMAGES

## Product Overview

### Professional Cleaning Power

This cold water high-pressure washer is engineered for demanding industrial and construction environments. Featuring a robust frame and pneumatic wheels, it is designed for exceptional durability and easy maneuverability across rough terrains. With flexible power options including gasoline, diesel, or electric configurations, this unit delivers the high-pressure output necessary to effectively remove stubborn dirt, grime, and debris from various surfaces.

## Performance

### Pressure Rating

**3000 PSI**  
Max Pressure

### Power Source Options

Gasoline, Diesel, Electric

## Accessories & Equipment

### Included Accessories

- 8m high-pressure hose
- Pressure gun with safety lock
- Five quick-connect nozzles
- Soap suction pipe

## Design & Build

### Mobility

Two 10-inch pneumatic wheels for enhanced terrain handling

## Safety & Compliance

### Certifications

CE • EPA

### Safety Features

- Thermal overload protection
- Automatic shut-off
- Safety lock on pressure gun
