

Collapsible Garden Wheelbarrow

This collapsible wheelbarrow features a lightweight, powder-coated steel frame for rust resistance and a durable, tear-resistant fabric container. It is designed with a single wheel for easy maneuverability and folds flat for compact storage.

Product Overview

Versatile Collapsible Wheelbarrow

This collapsible garden wheelbarrow is designed for efficiency and convenience, featuring a lightweight yet robust powder-coated steel frame. Its durable, tear-resistant fabric container provides reliable performance for light-duty gardening, camping, and outdoor transport tasks. The single-wheel design ensures easy maneuverability, while the foldable frame allows for compact storage when not in use.

Technical Specifications

Load Capacity
