

Collapsible Vehicle Emergency Warning Triangle

This reflective warning triangle alerts drivers to roadside emergencies. It features a collapsible design with supporting legs for easy storage and setup.

Product Overview

Roadside Emergency Safety

This high-visibility collapsible warning triangle is designed to alert other drivers to roadside emergencies quickly and effectively. Its robust reflective design ensures safety in low-light conditions, making it an essential tool for cars, trucks, and commercial fleets. The unit is designed for rapid deployment and easy storage when not in use.
