

Colorful Ballpoint Pen Set for Textile Design

This set includes blue, pink, red, and green ballpoint pens. They are suitable for writing and drawing applications in garment, shoes and accessories design and manufacturing.

Product Overview

Precision Tools for Textile Design

This set of four colorful ballpoint pens is specifically designed for professional applications in garment, footwear, and accessory manufacturing. Featuring smooth ink flow and an ergonomic grip, these pens are engineered to support extended use during technical sketching and detailed pattern making. They provide a reliable solution for designers needing consistent performance in creative and technical environments.
