Product Overview

Modern Digital Body Scale with BMI Tracking

This colorful LED digital body scale combines a sleek, modern aesthetic with high-precision functionality. Featuring a 6mm safety tempered glass platform and a hidden LED display, it provides accurate weight measurements up to 180kg. Beyond simple weighing, the scale helps users monitor their health by calculating Body Mass Index (BMI), making it an essential tool for personal fitness and wellness management.

Key Performance Metrics

Key Performance Metrics

180 kg

Maximum Capacity

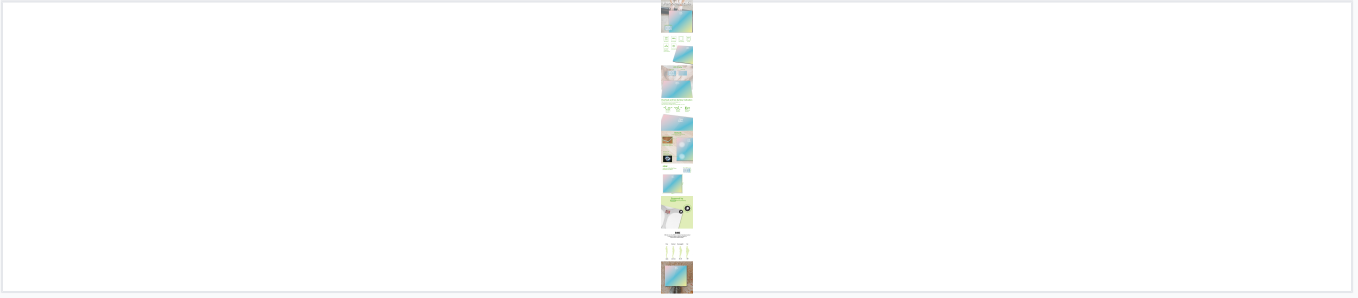

6 mm

Glass Thickness

300 mm

Platform Width

Technical Specifications

Comprehensive overview of the scale's safety features, BMI calculation, and technical dimensions.

Product Dimensions	300 x 300 x 27 mm
Sensor System	High-precision strain gauge sensor
LED Display Size	33 x 78 mm
Power Supply	3 x AAA batteries (included)

Design & Safety

Safety Design

- Fillet grinding for smooth, safe edges
- Low center of gravity to prevent rollover
- Invisible LED display design

Platform Material	Safety tempered glass

User Interface & Alerts

System Indicators

Low Battery (Lo) • Overload (oL) • Error (Err)

Health Monitoring

Body Mass Index Tracking

The scale calculates BMI (Body Mass Index), an international standard used to measure the degree of obesity and overall health. It categorizes results into Thin, Normal, Overweight, and Fat ranges for comprehensive health statistical analysis.
